Copy 3 of 4

16 April 1958

MEMORANDUM FOR: NSA TCO

SUBJECT : Visit [REDACTED]

25X1

1. This memorandum is to confirm my guidance to you stated in our conference on 14 April in my office. In that conversation we noted the memorandum approved by General Cabell dated 17 March 1958 (SAPC-25113) that permission [REDACTED] to see the DMRs and CMRs necessarily involved their receiving information of an operational nature, specifically, time, altitude, track, and estimate of range.

25X1

2. You are authorized to make such information available insofar as necessary to consummate the discussion, permission for which had been granted in the referenced memorandum. You will please explain that this

25X1

3. I also stated to you in our discussion that I recognized the necessity of working out some arrangement [REDACTED] for secure handling of operational information (such as illustrated in this memorandum) which [REDACTED] may have now or may require.
